Hasselback potatoes with sage and garlic

By Miele

10 minutes

Preparation time

40-70 minutes

Cooking time

6 servings

Serves

INGREDIENTS

2 kg desiree or dutch cream
potatoes
150 g duck fat, or oil
2 garlic cloves, crushed
2 tbsp chopped parsley
2 tbsp chopped sage
2 tsp dried sage powder
1 tbsp salt flakes
Bamboo skewers

METHOD

1. Insert a skewer lengthways directly through the centre of the potato. Slice down the potato until you hit the skewer every 2 mm-3 mm. Slice along the potato until you have reached the other end. Remove the skewer carefully and follow the same process for all potatoes.
2. Once you have cut all the potatoes, place a gourmet oven dish on high heat, induction setting 7, and melt the duck fat. Spoon out approximately 2 tablespoons of the duck fat and place into a small bowl.
3. Add the potatoes with the cut side facing down and allow the fat to get into good contact with the potatoes. Flip the potatoes over and spoon the hot fat over the potatoes to completely cover each potato.
4. Add the garlic, and herbs to the bowl with the reserved duck fat, along with the salt flakes and pour over the top of the potatoes, try to evenly distribute the mix as best as possible.
5. Heat the oven on Fan Plus at 190°C with Crisp function on. Place a rack on shelf level 2.
6. Place the potatoes into the oven, depending on the size of the potatoes, roast for 40-70 minutes, or until crispy.

Alternative appliance method

Speed oven

- Preheat on Fan Plus at 190°C. Place the glass tray on shelf position 2. Cook on Microwave 300W + Fan Plus at 180°C for 30-40 minutes, or until golden.

Hints and tips

- Any waxy potatoes will work well for this recipe. King Edward and Golden delight would be great substitutes.
